Family Day

KordiCraft Creations

What is a family day

A family day in a work environment is a day where employees get to bring their families to their workplace. It is an opportunity for families to experience their loved one's work, to meet their coworkers and understanding their daily environment of their family members life.

Family days also reinforces the company's commitment to supporting a healthy balance between work and family life, building trust and loyalty and promoting respect and kindness across all levels

Our Goal

'YOU CELEBRATE AND WE COORDINATE"

Your role is to enjoy the event. Our role is to make it flawless and serve you with excellence.
Excellence for us means professionalism ,attention to detail, seamless execution and making every guest and client feel valued.
